

Based on international advanced design concept, upgrade the structure, adapt to the needs of various users.

Adopt international advanced production facilities—laser cutting machines, automatic welding robots, CNC facilities etc, to achieve top standard tooling operations. Combine chemical treatment process and electrostatic spraying process, ensure perfect appearance.

Main tube thickness: 3mm, combine oval tube thickness: 50*100mm

Exercise abdomen and back muscle groups as well as muscles of arms and legs.

Enhance the strength and elasticity of waist and abdomen: lie on your back, knees bent to 90 degrees, feet flat on the floor (fixed by external force), sit up by abdomen muscles.

Prevent and care of spinal joint problems, improve postures.

Specifications

DIM: (L)1740*(W)630*(H)1040mm

N. W. : 45KG
